VIVEKANAND VIPF INSTITUTE OF EDUCATION

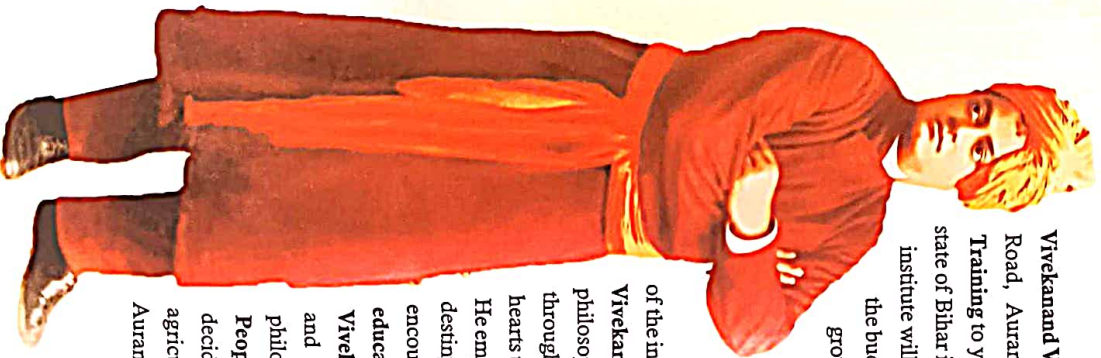

Approved by NCTE, Affiliated to MMHAP University Patna, D.El.Ed. affiliated to Bihar School Examination Board

Bignanikanagar Yari, Anandpura Road, Aurangabad - 824101, Bihar

Vivekanand VVPF Institute of Education Bigmanikanagar Yari, Anandpura Road, Aurangabad (Bihar) 824101 is committed to provide Teacher Training to young growing minds of people of South Central sector of the state of Bihar in particular and the nation/others in general. In one hand the institute will prepare skilled manpower for nurturing the hidden talents of the budding twigs of the nation and in other the mentors for national growth and development.

The institution is situated in South - East outskirts of the Aurangabad district town on Anandpura Road, connecting 2.4 kms distance from Historical Grand Trunk Road. The lush green campus facilitated with well equipped infrastructure of the institution in the name of the Bright Star Nationalist Saint Swami Vivekanand, speak and commit to translate lofty socio educational philosophy of Swami Vivekanand into reality. Swami Vivekanand through his short 39 years span of life knocked the doors of Indian hearts to make all education, all training aiming at the masses to grow. He emphasized education as the only key for the creation of the India's destiny. He tried his level best to awaken the countrymen and encouraged. He said – "A Nation is advanced in proportion as education and intelligence spread among the masses". Swami Vivekanand advocated moral and ethical education with scientific and technological temper. Having come to be inspired by the philosophy of the Swami the Vivekanand Vision Integrated People's Foundation, Vats Vihar, Daudnagar, Aurangabad (Bihar) decided to establish this institution in the educationally and agriculturally progress dreaming region of the district of Aurangabad.

Since ages, India witnessed knowledge based practical and scientific philosophy of life. On such a strong foundation of knowledge equipped culturally sound system of civilization with its plurality and paradoxes, India never ceases to fascinate. And, education in India is only one among various other elements that have captured the attention of the world. While the United Nations is worried about the presence of a large number of illiterates, various other countries are amazed by the quality of some of the human resources that the Indian education system has produced. And the whole system of educational flavour & fragrance from the metro to the remotest slums, spared from the chain of quality schools providing teaching with full opportunity of natural and multidimensional growth of the children without any discrimination of caste, creed, gender, language and religion.

Education is the background of the all nations. Proper education only can build the character of a nation and awaken the consciousness of nationality and freedom. The ideal, moral sense of duty and other concerns of healthy and progressive life depends upon the quality and quantity of education. Education must be practical which help the people and the masses to struggle and stand in the journey of life. The teacher is the torch - bearer of change. One who removes the ignorance is the torch-bearer, one who takes the disciples from darkness to light or from ignorance to knowledge, can be called a torch - bearer. Dr. Radhakrishnan beautifully says, "You can not make or build the nation by just bricks; you have to establish the minds of the young people, then alone the nation building take place."

The aim of Vivekanand VVPF Institute of Education is to prepare such skilled manpower which can contribute in the process of national reconstruction through shaping the lives growing in the school education system. In the fast changing human life scenario over globe, it has become an urgent requirement of the time to make the teachers **THE HEROES OF THE CHANGE**.
